

## BLITZ ICE TOP 6

Ready-to-use jelly in neutral colour and flavour, perfect to enhance natural qualities of fruit while preserving its freshness. Specifically developed to be freeze-stable, this recipe is marked by an incredibly soft and creamy consistency. The whole line perfectly lends itself to colouring and flavouring. Also available in classic version.

### DIRECTIONS FOR USE

the soft consistency of BLITZ ICE TOP allows its quick use for covering fruitcakes using a brush and also for dipping the whole fruit or in pieces directly in the jelly; for 'bavarian creams' it is advisable the application with a broad knife. BLITZ ICE TOP can be coloured and flavoured as desired.

### TECHNICAL DENOMINATION

semifinished confectionery product for glazing.
