

JOYCREAM FRIZZZI POP BLUE 5

Vanilla and cotton candy flavored cream with a sparkling and crackling effect on the palate.

Its blue colour, much loved by children, is obtained with natural ingredients.

It's a unique and extremely versatile variegate and it suits the most surprising ice cream creations.

JOYCREAM FRIZZZI POP BLUE is able to maintain a creamy consistency even at -15 ° C in the freezer cabinet.

NOTE:

- For a surprising crackle effect you always have to maintain a two parts ice-cream to one part variegate balance.

- As all non-stabilised products, the dry and fat components tend to separate and it is thus important to stir them well before use.

Also available in the [PINK version, with red fruits](#).

We suggest to use Frizzzi Pop Blue with:
