LIQUID CREAM 35% FAT	g 1.000	

DECORATION

INGREDIENTS

HAPPYKAO To Taste

RENO CONCERTO GIANDUIA LATTE 27% To Taste

FINAL COMPOSITION

Cut the previously prepared sponge cake into three thin layers (maximum height 1 centimeter).

Moisten the first layer with coffee syrup and use a piping bag to spread approximately 1 centimeter of tiramisu cream that was previously prepared.

Place another sponge cake disc on top and moisten it again.

Repeat the filling process and finish with the last sponge cake disc, also soaked in coffee syrup.

Use the tiramisu cream to create a spiral pattern on the surface using a piping bag with a smooth nozzle (diameter 8-10) and dust it with HAPPYCAO.

To decorate the cake edges, break the RENO GIANDUIA LATTE chocolate into smaller pieces and pass them through a grinder, keeping the opening wide enough. Gradually close the cylinders to achieve the desired thickness of chocolate sheets.

Cut strips slightly taller than the cake and shape them along the edges of the cake.

Decorate with coffee beans.
